## Adlerian Family Therapy

### About this Learning Opportunity

The Idaho Society of Individual Psychology has been in existence since 1977. In recent years, ISIP's membership has grown primarily due to the interest of social workers of all levels in the training and opportunities for credits, both CEU and graduate. ISIP is dedicated to bringing quality education to practitioners in order to increase their professional skills in serving a wide variety of client needs.

The Series described below began in Boise, October 2001, with over 220 graduates to date. The Series began in Lewiston, May 2004, and in Pocatello May 2005.

The series of workshops leading to a **Certificate of Professional Studies in Adlerian Psychology** are:

- #1 Adlerian Theory of Personality Development and Family Functioning
- #2 Adlerian Psychotherapy
- #3 Adlerian Couple and Family Therapy

These workshops may be attended in any order. Completion of all three workshops, plus attendance at one ISIP Annual Conference, enables an individual to receive the **Certificate of Professional Studies in Adlerian Psychology**.

**"Anyone trained in Adlerian Psychology knows what to do the first time they sit down with a client and through the process."**
